

# Report of Thorough Examination

Blank LOLER Schedule 1 worksheet for a competent person

This worksheet follows the 11 information groups in Schedule 1 of the Lifting Operations and Lifting Equipment Regulations 1998. It is not a completed report, examination, legal opinion or substitute for competent-person judgement. Adapt it to the equipment and circumstances.

## Employer and equipment

### 1. Name and address of employer for whom the thorough examination was made

### 2. Address of premises where the thorough examination was made

### 3. Identification of lifting equipment, including known manufacture date

### 4. Date of last thorough examination

### 5. Safe working load, or load for the configuration last examined

## Examination circumstances

### 6. If first examination after installation or assembly at a new location: state this and, if applicable, whether installation was correct and operation safe

7. Otherwise: state whether examined at a 6-month interval, 12-month interval, under an examination scheme or after exceptional circumstances; record whether safe to operate where applicable

## Findings and next examination

8(a). Dangerous or potentially dangerous part and description of each defect

8(b). Repair, renewal or alteration needed for a defect already dangerous

8(c). For a defect that could become dangerous: time by which danger could arise and the required repair, renewal or alteration

8(d). Latest date by which the next thorough examination must be carried out

8(e). Particulars of any test included in the examination

**8(f). Date of the thorough examination**

**Report author and authentication**

**9. Name, address and qualifications of report author; self-employed status or employer name and address**

**10. Name and address of person signing or authenticating on behalf of the author; signature or authentication record**

**11. Date of this report**
